

**Precision  
Fabrication &  
Laser Cut**

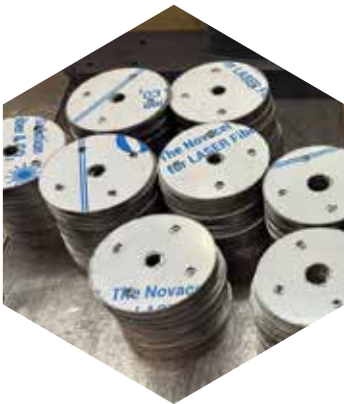

**Precision | Performance | Proven Expertise**

At Precision Fabrication & Laser Cut, we specialize in high-performance 2D and 6D laser cutting and custom fabrication services. With over 20,000 sq. ft. of production space and advanced technology, We deliver exceptional quality, accurate and timely results across multiple industries- **Oil & Gas, Infrastructure, Structural Engineering, Water Treatment, Maintenance, and Residential Construction.**

**Partner with Precision  
Fabrication & Laser Cut,  
where accuracy meets  
excellence.**

## Our Core Capabilities

### 2D LASER CUTTING

We cut a wide range of materials with exceptional precision:

- » Up to 1" Mild Steel
- » Up to 3/8" Aluminum
- » Up to 1/2" Stainless Steel

### 6D LASER CUTTING

With our 2500-Watt 6-Axis Laser, we handle advanced 6D manufacturing needs:

- » Multi-intersecting Pipe Laterals
- » Dummy Legs
- » Centrifugal Cones
- » Etching on Pipe & Tubes
- » Helical Pipe Cutting

### PLASMA CUTTING

Our Machitech 6'x12' CNC Plasma Table cuts up to 2" Thk Carbon Steel and 1" Thk Stainless Steel with industrial grade precision.

## Value-Added Services

### PIPING FABRICATION

ASME B31.1/B31.3 Piping (ABSA)

### PRESS BRAKE SERVICES

- » Break Forming
- » Precision Metal Bending

### CUSTOM FABRICATION & WELDING

- » High-quality Metal/Steel Fabrication
- » Certified Custom Welding to match your project specs

### PIPE SUPPORT FABRICATION

- » Pipe Shoes, Re-pads, Anchors, Guides, Hangers, Slide Plates, Dummy Legs & More

### VESSEL INTERNALS & EXTERNALS

- » Precision detailing and supply of pressure vessel and heat exchanger parts

### HANDRAILS, LADDERS & STAIRS

- » Complete Engineering & Fabrication for modules, vessels & platforms.

## Why choose us

- » 20+ Years of Experience
- » Certified & Skilled Team
- » Industry-Trusted Partner
- » Uncompromising Quality
- » Advanced Technology
